## Public Meeting for Road Improvement Works on Park Road (McIntyres Road to Heads Road)

Council is currently investigating a proposal to undertake road and drainage improvements along Park Road in Donvale, between McIntyres and Heads Roads. The proposal includes; construction of kerb and channel on both sides of Park Road and associated drainage works, reconstruction of the road pavement, provision for bicycles, and associated service alterations and landscaping works. The opportunity also exists for the construction of footpaths and vehicle crossings serving abutting properties.

A Public Meeting is to be held to provide an opportunity for presentation of Council's proposal and to obtain public comment during the concept and planning phases of the project. The meeting details are:

**Date:** *Thursday 29 April 2010*
